Caleb Greenwood is an authorized International Baccalaureate (IB) World School implementing the Primary Years Program (PYP).

The International Baccalaureate® aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. To this end the organization works with schools, governments, and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate, and lifelong learners who understand that other people, with their differences, can also be right.

What is the International Baccalaureate Primary Years Program?

The IB Primary Years Program (PYP) for children aged 3 - 12 nurtures and develops young students as caring, active participants in a lifelong journey of learning.

The PYP offers an inquiry-based, transdisciplinary curriculum framework that builds conceptual understanding. It is a student-centered approach to education for children aged 3-12. It reflects the best of educational research, thought leadership and experience derived from IB World Schools.

The PYP has evolved to become a world leader in future-focused education. The PYP is an example of best educational practice globally, responding to the challenges and opportunities facing young students in our rapidly changing world.

What is the IB learner profile?

The International Baccalaureate® (IB) learner profile describes a broad range of human capacities and responsibilities that go beyond academic success. They imply a commitment to help all members of the school community learn to respect themselves, others and the world around them.

What is ACTION in the IB PYP?

In the PYP, action is both an application of learning and an opportunity for students to engage in a form of contribution or service. It is integral to PYP learning and to the program's overarching outcome of **international mindedness**.

What are the Themes?

These PYP themes provide IB World Schools with the opportunity to incorporate local and global issues into the curriculum and effectively allow students to “step up” beyond the confines of learning within subject areas.

What are the Approaches to Learning?

Approaches to Learning help students to develop the attitudes and skills they need for both academic and personal success.

What are the Key Concepts?

The International Baccalaureate Primary Years Program (PYP) is driven by seven key concepts which give the inquiries direction and meaning.

The Action Center Library is in The Works!

Thank You for your generous donations last spring during our Action Center Fundraiser. The pandemic slowed down delivery of many items. However, we are starting to get books, furniture, and other items delivered daily! We hope to have the students involved and using the Action Center Library as soon as safely possible. We also hope to have a “soft opening” for the Caleb Community as soon as we can have families back on campus. In the meantime, here is a sneak peek of some of the in-process happenings!
