# IB PYP ACTION LAUNCH!

February Learner Profile and Action Focus  
**Caring Social Justice**

In IB PYP, being *Caring* means we show empathy, compassion and respect. We have a commitment to service, and we act to make a positive difference in the lives of others and in the world around us. Being *Caring* may spring from new learning and result in Action in the form of *Social Justice*—the view that everyone deserves to enjoy the same economic, political and social rights, regardless of race, socioeconomic status, gender or other characteristics. As someone who *Cares* about *Social Justice* you may want to volunteer with an organization that shares your interests and supports the causes about which you care; participate in a social justice march or event; send letters and emails to local and global officials to communicate your concerns about issues; or organize your own group or rally for social justice issues are important to you!

Talk with your family about what values your family holds and explore issues and topics that align with these values. Then do some research together to see how you can bring awareness to that issue or participate with others as a family that *Cares* about *Social Justice*!

## Great Work to Our Knowledgeable and Communicator Advocates!

*In 2020 we have focused on being Advocates who are Knowledgeable and Communicators. We had several students Take Action in those ways so far this year!*

3<sup>rd</sup> Grade students speak about plastic and *Advocate* for environmental causes at Friday Sing.

2<sup>nd</sup> Grade Students become *Bee Advocates* and get the word out about the importance of bees to our food supply.
